

Price Increase Notice Spyder Personal (SPU) Effective June 1, 2019

May 20th , 2019

Dear Valued Customer,

The Spyder Personal (SPU) Event Monitor has been selling at a specially discounted price since its launch in August 2018. Due to rising operating and raw materials costs, WEB Biotechnology Pte Ltd will be implementing a price increase on all purchases of the SPU with effect, June 1, 2019.

The last date for invoicing shipments on orders at current price levels is May 31st, 2019. All existing orders processed for shipment after this date will be invoiced at the updated price schedule (Appendix A).

Web-Biotech remains committed to delivering outstanding wireless wearables for cardiac monitoring and to provide prompt service to our valued partners and customers.

Thank you for your continued support.

Sincerely,

Web-Biotechnology
